Approved For Release 2000/09/01 : CIA-RDP80-01065A000600150010-5

GENERAL APPRAISAL

The effectiveness of political-psychological (PP) operations is not easily or promptly susceptible to satisfactory assessment other than in exceptional cases. At any stage in its development, CIA successes are measured both by the number and importance of operating assets acquired as well as by accomplishments in terms of achieving U. S. objectives.

The major accomplishments of political action and propaganda operations in Western Europe have been in the area of European unification along the lines of the Atlantic unity concept, and in reducing the power and influence of Communism. 25X1C
